Assignment 1 Color Theory

Matching Color Values Digitized 1_1. Color_1_1 Grid_1_1 Goals: Develop sensitivity towards color through intense observation Differentiate between color by defining the color and sorting/categorizing Improve communication skills by using color terms (hue, saturation, value, tint, shade) from Moritz Zwimpfer "Ordering Colors, Playing with Colors"

Assignment 1_1 | color theory 170

Color Theory Basics Color Color comes from light; if it weren't for light we would have no color. Light rays move in a straight path from a light source. Within this light rays are all the rays of colors in the spectrum or rainbow. Shining a light into a prism will create a rainbow of colors because it separates the color of the spectrum.
