One of the most intriguing, or fascinating, ideas in 1984 is doublethink, with which a person is capable of believing the truth and its opposite lie at the same time. After a while, that person...
ERWC English 12 Hillman 1984 - Study Guide Part One (p.1-104) Directions: On a separate sheet of paper, answer the following questions in complete sentences.

1. What atmosphere or mood is established in the descriptions given in the first two paragraphs?
2. In the second paragraph, what important information does the reader learn about the society in which Winston Smith lives?

1984 is George Orwell's terrifying vision of a totalitarian future in which everything and everyone is slave to a tyrannical regime lead by The Party. Winston Smith works for the Ministry of Truth in London, chief city of Airstrip One. Big Brother stares out from every poster, the Thought Police uncover every act of betrayal. When Winston finds love with Julia, he discovers that life does not have to be dull and deadening, and awakens to new possibilities. Despite the police helicopters that hover and circle overhead, Winston and Julia begin to question the Party; they are drawn towards conspiracy. Yet Big Brother will not tolerate dissent - even in the mind. For those with original thoughts they invented Room 101.

An insurance salesman desperately tries to recapture his youth in this "charming" comic novel by the iconic British author (The New York Times). George Bowling is having a crisis. Not a loud, unsightly one, but a small, desperate one. His days are occupied by an unfulfilling insurance job; his nights spent worrying about his mortgage, marriage, expanding waistline, and what seems to be a certain prospect of World War II looming on the horizon. So when George unexpectedly hits it big on a lucky horse, he spends the windfall on the only thing he ever knew to make him happy: his childhood. George travels back to his boyhood home of Lower Binfield, swimming in vivid memories of worry-free bliss, sights, sounds, smells, and emotions of a pre-war world. But while the idyllic village in George’s head may not have seen battle, the reality may be more sobering than he is prepared to deal with. Penned with Orwell's trademark insight and passion, Coming Up for Air is an elegiac look at memory and desire at a desperate moment in England’s history.

A Study Guide for George Orwell's "1984," excerpted from Gale's acclaimed Novels for Students. This concise study guide includes plot summary; character analysis; author biography; study questions; historical context; suggestions for further reading; and much more. For any literature project, trust Novels for Students for all of your research needs.

Based on his experiences as a policeman in Burma, George Orwell's first novel is set during the end days of British colonialism, when Burma is ruled from Delhi as part of British India.

George Orwell's celebrated novella, Animal Farm, is a biting, allegorical, political satire on totalitarianism in general and Stalinism in particular. One of the most famous works in modern English literature, it is a telling comment on Soviet Russia under Stalin's brutal dictatorship based on a cult of personality which was enforced through a reign of terror. The book tells a seemingly simple story of farm animals who rebel against their master in the hope of stopping their exploitation at the hand of humans and creating a society where animals would be equal, free and happy. Ultimately, however, the rebellion is betrayed and the farm ends up in a state as bad as it was before. The novel thus demonstrates how easily good intentions can be subverted into tyranny. Orwell has himself said that it was the first book in which he had tried, with full consciousness of what he was doing, 'to fuse political purpose and artistic purpose into one whole.' The book was first published in England in 1945, and has since then remained a favourite with readers all over the world, and has consistently been included in all prestigious bestseller lists for the past many years.

You are at a nightclub talking to a girl with a shaved head. The club is either Heartbreak or the Lizard Lounge. All might become clear if you could just slip into the bathroom and do a little more Bolivian Marching Powder. Then again, it might not... So begins our nameless hero's trawl through the brightly lit streets of Manhattan, sampling all this wonderland has to offer yet suspecting that tomorrow's hangover may be caused by more than simple excess. Bright Lights, Big City is an acclaimed classic which marked Jay McInerney as one of the major writers of our time.

George Orwell set out 'to make political writing into an art', and to a wide extent this aim shaped the future of English literature - his descriptions of authoritarian regimes helped to form a new vocabulary that is fundamental to understanding totalitarianism. While 1984 and Animal Farm are amongst the most popular classic novels in the English language, this new series of Orwell's essays seeks to bring a wider selection of his writing on politics and literature to a new readership. In Politics and the English Language, the second in the Orwell’s Essays series, Orwell takes aim at the language
used in politics, which, he says, 'is designed to make lies sound truthful and murder respectable, and to give an appearance of solidity to pure wind'. In an age where the language used in politics is constantly under the microscope, Orwell’s Politics and the English Language is just as relevant today, and gives the reader a vital understanding of the tactics at play. ‘A writer who can – and must – be rediscovered with every age.’ – Irish Times

Moving, harrowing, and ultimately uplifting, Lori Schiller's memoir is a classic testimony to the ravages of mental illness and the power of perseverance and courage. At seventeen Lori Schiller was the perfect child—the only daughter of an affluent, close-knit family. Six years later she made her first suicide attempt, then wandered the streets of New York City dressed in ragged clothes, tormenting voices crying out in her mind. Lori Schiller had entered the horrifying world of full-blown schizophrenia. She began an ordeal of hospitalizations, halfway houses, relapses, more suicide attempts, and constant, withering despair. But against all odds, she survived. In this personal account, she tells how she did it, taking us not only into her own shattered world, but drawing on the words of the doctors who treated her and family members who suffered with her.

George Orwell's dystopian masterpiece, Nineteen Eighty-Four is perhaps the most pervasively influential book of the twentieth century. 'Who controls the past controls the future: who controls the present controls the past' Hidden away in the Record Department of the sprawling Ministry of Truth, Winston Smith skilfully rewrites the past to suit the needs of the Party. Yet he inwardly rebels against the totalitarian world he lives in, which demands absolute obedience and controls him through the all-seeing telescreens and the watchful eye of Big Brother, symbolic head of the Party. In his longing for truth and liberty, Smith begins a secret love affair with a fellow-worker Julia, but soon discovers the true price of freedom is betrayal.

This remarkable book introduces us to four unforgettable Apache people, each of whom offers a different take on the significance of places in their culture. Apache conceptions of wisdom, manners and morals, and of their own history are inextricably intertwined with place, and by allowing us to overhear his conversations with Apaches on these subjects Basso expands our awareness of what place can mean to people. Most of us use the term sense of place often and rather carelessly when we think of nature or home or literature. Our senses of place, however, come not only from our individual experiences but also from our cultures. Wisdom Sits in Places, the first sustained study of places and place-names by an anthropologist, explores place, places, and what they mean to a particular group of people, the Western Apache in Arizona. For more than thirty years, Keith Basso has been doing fieldwork among the Western Apache, and now he shares with us what he has learned of Apache place-names—where they come from and what they mean to Apaches. "This is indeed a brilliant exposition of landscape and language in the world of the Western Apache. But it is more than that. Keith Basso gives us to understand something about the sacred and indivisible nature of words and place. And this is a universal equation, a balance in the universe. Place may be the first of all concepts; it may be the oldest of all words."—N. Scott Momaday "In Wisdom Sits in Places Keith Basso lifts a veil on the most elemental poetry of human experience, which is the naming of the world. In so doing he invests his scholarship with that rarest of scholarly qualities: a sense of spiritual exploration. Through his clear eyes we glimpse the spirit of a remarkable people and their land, and when we look away, we see our own world afresh."—William deBuys "A very exciting book—authoritative, fully informed, extremely thoughtful, and also engagingly written and a joy to read. Guiding us vividly among the landscapes and related story-tellings of the Western Apache, Basso explores in a highly readable way the role of language in the complex but compelling theme of a people's attachment to place. An important book by an eminent scholar."—Alvin M. Josephy, Jr.
