In his first adventure since the revelation that he ’ s a parent, Dirk Pitt must uncover the truth behind the myth of another long-lost father-figure, Homer ’ s Odysseus, if he ’ s going to stop a dangerous cult from reshaping the earth in their own image. Fraternal twins, Summer Pitt and Dirk Pitt, Jr., are working to determine the origin of a strange brown tide infesting the ocean off the shore of Nicaragua when two startling things happen: Summer discovers an artifact, something strange and beautiful and ancient. And the worst storm in years boils up out of the sky, heading straight for them and a nearby floating luxury resort hotel called Ocean Wanderer. The peril for everybody concerned is incalculable. And now that Dirk Pitt has learned he ’ s a father, he will stop at nothing to protect his two children. He rushes into the chaos, only to find that what ’ s left in the storm ’ s wake makes the furies of nature pale in comparison. For there is an all-too-human evil at work in that part of the world, and Summer ’ s relic may be the only clue to the man calling the shots. Whoever he is, he ’ s connected to a cult that believes the Celts, also known as the Achaeans, reached the New World millennia before the accepted history suggests. If he ’ s right, his ancestors laid the foundation for the work he will soon complete—and our world will be a very different place. Though if Summer's discovery is to be believed, the world is already a very different place...

A gorgeous tour through Clive Cussler's outstanding collection of rare, classic, and antique automobiles. Featuring stunning color photographs by Ronnie Bramhall. Fans of Clive Cussler's bestselling Dirk Pitt series know that his hero has a soft spot for classic automobiles . . . and that the vehicles that appear in the novels are actually part of Cussler's own vast collection. Through beautiful color photographs and warm, informative commentary, fans of Cussler and Pitt can see fifty-six of them, crafted from 1906 to 1948, in all their glory, and learn about the history and acquisition of each car. The collection began with Cussler's purchase of a 1946 Ford Coup é for \$400, and has since expanded to more than a hundred vehicles, many of which are rare and striking examples of their model, design, or coach-work. There's the 1918 Cadillac V-8 Sport Phaeton with early coachwork by Harley Earl, before he became an automotive designer for General Motors; the 1937 Cord 812 SC Berline, one of only four known to exist today; and the 1913 Marmon Model 32 Touring that in the 1950s was used to chauffeur such stars as Grace Kelly and Agnes Moorehead. The beauty and elegance of these classic automobiles, combined with the astonishing functionality that allows many of them to cruise the highways with ease alongside modern cars, give proof to Cussler's belief that they are no less than 'masterworks of mechanical art.'
