Abstract. Male lower urinary tract symptoms (LUTS) comprise one of the most common medical conditions in aging men. The most common cause of these voiding symptoms is due to prostatic obstruction secondary to benign prostatic hypertrophy (BPH).

Chemistry, 4th ed., gives students the tools to build an understanding of atomic structure, chemical composition, and chemical reactions. Throughout the course, students will put these tools to work in different fields of chemistry in ways that can show them the impact that chemistry can have to help people and to wisely use God's world to glorify Him. This new edition features new content about semiconductors and nuclear chemistry as well as additional biblical worldview-shaping sections that help students to think through common debates among scientists. - Publisher.

When rebel soldiers arrest and plan to execute his father, a missionary in Ethiopia, Charlie faces sudden dangers while also trusting those who attempt a rescue.

Better Thinking and Reasoning provides a biblical approach to the principles of logic and offers practical applications for the development of thinking skills. Each chapter contains: a memory verse; specific examples from the Bible; applications of logic to various areas of study -- business, law, medicine, grammar, writing, debate, math, history, science, computers, or even test-taking. This book can be used as a: source for supplemental material; textbook for individual units or entire courses on logic; study skills course. - Back cover.

The Math 1 Student Worktext provides two colorful pages to practice the skills taught in the lesson. Understanding is emphasized through the use of manipulatives then pictured on the worktext page before progressing to the abstract. A review of previously taught concepts is included at the bottom of the second page. Digit the Clown and Cecilia are pictured throughout and make learning math fun with a variety of activities. A Chapter Review, a Cumulative Review, and a note to the parent are included for each chapter. The 165 lessons in Math 1 Teacher's Edition with CD include instructions for teaching with manipulatives to develop math understanding and problem solving skills. Each lesson includes Practice and Review activities with a spiraling review and colorful Student Worktext pages with answer overprint. Each chapter concludes with Chapter Review and Cumulative Review lessons. A Chapter Overview preceding each chapter contains a theme story about Digit the Clown and Cecilia, a seal, a chart with materials to be gathered and prepared and lesson objectives, and a bulletin board illustration and description. A Little Extra Help section provides ideas for helping the student who is experiencing difficulty with the concepts. The Teacher's Toolkit CD includes the reproducible pages from the Appendix of the Teacher's Edition, Fact Reviews, and Enrichment pages which provide worksheets to challenge the advanced student. The Teacher's Visual Packet is also available for use by homeschoolers and those teaching small groups. The answer key for the Math 1 Reviews is also included. - Publisher.

These are the answer keys to the tests provided for French 1. These tests include two tests per chapter, plus a final exam at the end of the book. In each chapter, the first test focuses on the student s understanding of structure. It incorporates recognition of vocabulary, competency in using grammar, and a listening section. The second test in each chapter focuses on the student s ability to communicate, both orally and in writing. It begins with the student reciting a verse of Scripture, proceeds to some conversation with the teacher, and ends with a written exercise. The final exam includes aspects from both the structure and communication tests."

Students will learn the science of life in this colorful textbook that displays an engaging design sure to grab their attention from the very first day. Each chapter of Life Science includes well-researched material written at grade level, colorful images to reinforce text content, boxes with fun facts and helpful explanations, a list of key terms, a chapter summary, thought-provoking review questions, and extra questions to prepare students for standardized tests. Students will study cell biology, genetics, the history of life, microbiology, botany, zoology, ecology, and human anatomy and physiology, all within a biblical framework. -

Heritage Studies 1 Student Text is a colorful, easy-to-read presentation of social studies that integrates civics, culture, economics, geography, and history. Beginning with the framework of God's redemptive plan, the book includes an age-appropriate study of civics and government and then covers United States history from Native Americans to the Plymouth Colony -- all from the perspective of a Christian worldview. The final chapter contrasts the past and the present, noting changes that have taken place in the way we live. Each chapter includes a poem, eye-catching artwork, maps, graphs, and photos, quick-check questions, and an extended hands-on activity to enhance learning. - Publisher.
