#1 New York Times Bestseller At last, a book that shows you how to build—design—a life you can thrive in, at any age or stage Designers create worlds and solve problems using design thinking. Look around your office or home—at the tablet or smartphone you may be holding or the chair you are sitting in. Everything in our lives was designed by someone. And every design starts with a problem that a designer or team of designers seeks to solve. In this book, Bill Burnett and Dave Evans show us how design thinking can help us create a life that is both meaningful and fulfilling, regardless of who or where we are, what we do or have done for a living, or how young or old we are. The same design thinking responsible for amazing technology, products, and spaces can be used to design and build your career and your life, a life of fulfillment and joy, constantly creative and productive, one that always holds the possibility of surprise. "Designing Your Life walks readers through the process of building a satisfying, meaningful life by approaching the challenge the way a designer would. Experimentation. Wayfinding. Prototyping. Constant iteration. You should read the book. Everyone else will." —Daniel Pink, bestselling author of Drive "This [is] the career book of the next decade and ... the go-to book that is read as a rite of passage whenever someone is ready to create a life they love." —David Kelley, Founder of IDEO "An empowering book based on their popular class that the sum name at Stanford University ... When Designing Your Life was published in 2016, Stanford’s Bill Burnett and Dave Evans taught readers how to use design thinking to build meaningful, fulfilling lives (“Life has questions. They have answers.”—The New York Times). The book struck a chord, becoming an instant #1 New York Times bestseller. Now, in DESIGNING YOUR WORK LIFE: How to Thrive and Change and Find Happiness at Work they apply that transformative thinking to the place we spend more time than anywhere else: work. DESIGNING YOUR WORK LIFE teaches readers how to create the job they want—without necessarily leaving the job they already have. “Increasingly, it’s up to workers to define their own happiness and success in this ever-moving landscape,” they write, and chapter by chapter, they demonstrate how to build positive change, wherever you are in your career. Whether you want to stay in your job and make it a more meaningful experience, or if you decide it’s time to move on, Evans and Burnett show you how to visualize and build a work-life that is productive, engaged, meaningful, and more fun.

work for you. Using lots of real-life stories and proven techniques like reframing, prototyping and mind-mapping you will learn how to build your way forwards, step-by-positive-step, to a life that’s better by a design of your own making. Because a well-designed life means a life well-lived.

"Life, just like a design problem, is full of constraints--time, money, age, location, and circumstances. You cannot have everything, and if you want more out of it, you have to be creative about how to make what you need and what you want co-exist. This requires design thinking. Design the Life You Love uses a simple but proven creative thinking and design process to give ordinary people new tools to think about life differently, and also includes fascinating examples from the world of art and design that relate to each step of the process, plus guided creative exercises."--

Design Your Life is a series of irreverent and realistic snapshots about objects and how we interact with them. By leading design thinker Ellen Lupton and her twin sister Julia Lupton, it shows how design is about much more than what's bought at high-end stores or the modern look at IKEA. Design is critical thinking: a way to look at the world and wonder why things work, and why they don't. Illustrated with original paintings of objects both ordinary and odd, Design Your Life casts a sharp eye on everything from roller bags, bras, toilet paper, and stuffed animals to parenting, piles, porches, and potted plants. Using humor and insight Ellen and Julia explore the practical side of everyday design, looking at how it impacts your life in unexpected ways and what you can do about it. Speaking to the popular interest in design as well as people's desire to make their own way through a mass-produced world, this thoughtful book takes a fresh and humorous approach to make some serious points about the impact of design on our lives. Find out what's wrong with the bras, pillows, potted plants, and the other hopeless stuff you use, buy, clean, water, or put away everyday. Discover how to secretly inhabit the messes of daily life, be it a cluttered room or a busy schedule. Use this book to gain control over your environment and tap into the power of design to communicate with friends, family, and the world.

When you step back and look at your life, do you see an ever-widening gulf between where you are and where you want to be? Do you feel stuck? Do you feel like your dreams are slowly slipping away? No matter where you are on your path, Designing Your Life Plan will jolt you out of the routines and ruts of your day to day, spurring you on to set a clear plan for your future—one that will take you places you never thought you could go. Luz Canino-Baker, your encouraging but firm guide on this journey, shows you how to evaluate the things you use, and how to recognize forms of order that secretly inhabit the messes of daily life, be it a cluttered room or a busy schedule. Use this book to gain control over your environment and tap into the power of design to communicate with friends, family, and the world.

The internationally renowned designer and entrepreneur helps women look and be the very best version of themselves with this strong, sexy style guide filled with practical and inspirational tips and personal insights gleaned from her own journey in life and business. “As a teen, I’d draw the type of glamorous clothes and accessories I longed for. In retrospect I realize that I was designing the life I wanted and would one day achieve.” As a designer, entrepreneur, philanthropist, and working mother, Rachel Roy has a unique perspective on how fashion defines who we are—and who we want to be. Growing up in a low-income neighborhood in California, she envisioned the life she lives today. If you feel stuck with no idea what you should do next, lifestyle celebrity and TV pioneer Debbie Travis's bestseller is for you. Drawing on the lessons she learned in her own leap into a new way of living, along with a multitude of stories, tips and ideas to jumpstart your dreams, Debbie's created an inspiring roadmap for change. A few years ago, Debbie Travis realized that she was no longer challenged by her wildly successful TV career, yet she was so busy she was missing out on the people and things that made her happy. She dared to dream about a whole new direction in life—a plan to turn a 13th-century farmhouse in Tuscany into a unique hotel and retreat for people who need a change as much as she did. And now she is not only living that dream but sharing it with others. Her new book draws directly on her own experiences (when she started, Debbie could barely make a bed, let alone run a hotel in a foreign county) and the uplifting stories of personal u-turns shared by women who have come to her retreats. Debbie's "commandments" will inspire women (and men) who have lost track of who they are or what they want to be; who are going through the motions of a career that doesn't satisfy them anymore; who are wondering what to do with themselves now that their kids are gone or their marriage is over. On every page, Debbie shares the tools that helped her transform her life. Her common-sense advice, often delivered with her trademark humour, will help motivate anyone who finds themselves standing at a crossroads wondering "What's next for me?"
