Step by step guide to starting your business the right way
Starting a business is a gamble. By starting a business, you are betting on yourself with your valuable time and money with no guarantees of success. You might be asking yourself: Will people buy my product or service? Most startup businesses fail because they don ' t meet customer needs. They don ' t add value for their customers. I know from first hand experience how devastating it is to build something that nobody wants. This course is designed to help you avoid that very same mistake. In this course you will learn how to: * Create a Value Proposition * Identify your Ideal Customers * Validate your Idea with Feedback * And much more! When you are done with this course, you will have a validated business idea with potential customers lined up for your launch. Best of all, I will be taking a brand new business idea of my own through the course with you. We are going to develop our businesses together. You will get to see a real life example of an idea growing into business, including all the ups and downs. ORDER NOW!
