The definitive biography of the father of modern Turkey, a powerful figure in the still-unfolding drama of the Middle East. With the collapse of the Ottoman Empire after the First World War came the emergence of new nations, chief among them Turkey itself. It was the creation of one man, the soldier-statesman Mustafa Kemal, who dragged his country from the Middle Ages to the twentieth century, and in defeating Western imperialists inspired 'the cause of the East'. Lord Kinross writes of the intrigues of empires, the brutalities of civil war, personal courage - showing us Ataturk, the incarnation of glory - as well as of Kemal's youthful ambition, and his problems with his wife.

During most of Finland's history, it had been ruled by different countries. The first instance of this was the Treaty of Nöteborg in 1323. This treaty was between Sweden and the Novgorod Republic and it established their borders. After the treaty, the majority of Finland became a part of Sweden. From 1323 through 1808, the majority of Finland was a part of Sweden. After 1808, Russia captured the region of Finland from Sweden. Russia captured the region of Finland from 1808 through 1809. Then, in 1906, Finland had its own parliament. Although, Russia recognized Finland's independence on December 31, 1917. In 1906, Finland had universal and equal right to vote which also applied to women. Then, in August of 1939, Finland went under Soviet Union influence. Throughout Finland's history, Finland was not independent very often. Although, when

Finland became independent, a man named Johan Vilhelm Snellman advocated and supported the development of Finnish culture and the development of the country. Snellman wanted Finland to have full independence and its own culture. Snellman was born on May 12, 1806 in Sweden. He was born after the establishment of semi-independent Finland. Snellman was a philosopher, statesman, and a journalist. He taught at a university in Helsinki. Snellman wanted Finland to be advanced in education and the arts. Snellman had told the young Finnish people that, “Your success in football does not make me happy! Young Finnish like you not to beat Germans, English, Frenchs, Hungarians by shooting to the ball; Instead of it, with your mind, your heart, science, craft, trade, carpentry I would love to defeat them to take your homeland forward with your willing.”

Mustafa Kemal Atatürk was virtually unknown until 1919, when he took the lead in thwarting the victorious Allies' plan to partition the Turkish core of the Ottoman Empire. He divided the Allies, defeated the last Sultan, and secured the territory of the Turkish national state, becoming the first president of the new republic in 1923, fast creating his own legend. Andrew Mango's revealing portrait of Atatürk throws light on matters of great importance today-resurgent nationalism, religious fundamentalism, and the reality of democracy.
