Building on long-time research and extensive interviews, this ground-breaking study offers a portrait of pentecostal / charismatic immigrants from the global South who do not define themselves as victims but as expatriate agents with a calling to change Europe.

Pentecostal and Charismatic Christianity is a global phenomenon that comprises a quarter of the world's two billion Christians and is growing rapidly.

This volume reveals that the primary appeal of pentecostalism worldwide is as a religion of healing. Contrary to popular stereotypes of flamboyant, fraudulent, anti-medical "faith healing" televangelists who preach a materialistic, "health and wealth" gospel, handle serpents, or sensationally "exorcize" demons, this book offers a more nuanced portrait. The collected essays illumine local variations, hybridities, and tensions in practices on six continents, and depict the extent of human suffering and powerlessness experienced by people everywhere and the attractiveness to many of a global religious movement that promises material relief by invoking spiritual resources. This is the first book of its kind. Achieving the twin goals of thick description and comparative analysis of global practices is best achieved by bringing area experts into conversation. This volume's distinguished, international team of contributors includes sociologists, anthropologists, historians, political scientists, theologians, and religious studies scholars from North America, Europe, and Africa. Read together, these essays set the agenda for a new program of scholarly inquiry into some of the largest forces of change at work in the world today-globalization, pentecostalism, and healing-each of which is extremely powerful in itself and which together are reshaping our world in vastly significant ways.

This comprehensive reference volume covers every country in Sub-Saharan Africa, offering reliable demographic information and original interpretative essays by indigenous scholars and practitioners. It maps patterns of growth and decline, assesses major traditions and movements, analyses key themes and examines current trends.

After an explosion of conversions to Pentecostalism over the past three decades, tens of millions of Nigerians now claim that "Jesus is the answer." But if Jesus is the answer, what is the question? What led to the movement's dramatic rise and how can we make sense of its social and political significance? In this ambitiously interdisciplinary study, Ruth Marshall draws on years of fieldwork and grapples with a host of important thinkers—including Foucault, Agamben, Arendt, and Benjamin—to answer these questions. To account for the movement's success, Marshall explores how Pentecostalism presents the experience of being born again as a chance for Nigerians to realize the promises of political and religious salvation made during the colonial and postcolonial eras. Her astute analysis of this religious trend sheds light on Nigeria's contemporary politics, postcolonial statecraft, and the everyday struggles of ordinary citizens coping with poverty, corruption, and inequality. Pentecostalism's rise is truly global, and Political Spiritualities persuasively argues that Nigeria is a key case in this phenomenon while calling for new ways of thinking about the place of religion in contemporary politics.

ABOUT THE BOOK The aim of this book is to share our experience and also encourage all couples who are still faithfully waiting on God for the gift of the fruit of the womb by encouraging them to continue to rely completely on God who is able to give joy and bring them (children), at a time when His name alone will be glorified. The author expresses the uneasiness and seriousness of childlessness, especially when you have given your life and your all to and have accepted Jesus as your Lord and Savior. There is no way there would not be some kind of decline from faith to doubt; and, from doubt to giving up completely. The encouragement that this book gives is that God is able, and abundantly able to do exceedingly above our imagination and thinking. This is the crux of the matter, especially to those who are believers in Christ. Faith in Jesus Christ is the ultimate as touching our expectation and contemplation. In Genesis Chapter One, God created the earth and all the things thereof [including human beings] and He was delighted in the work of His hands. Consequently, He pronounced the blessing of fruitfulness. However, despite this God people like Abraham and Sarah, Hannah and Elizabeth at one time or the other experiences delay in having children. However, history has shown that God allowed their delays for different reasons. We knew, for example, that in the Book of 1st Samuel, God allowed Hannah to pass through a period of delay before giving her baby Samuel. In fact, He allowed her to be subjected to ridicule by her mate Peninnah. But what we often fail to understand was the fact that while Hannah was passing through her childless period, God was at the same time giving the family of Prophet Eli time to amend their ways and repent and at the same time He was also watching to see whether Hannah will continue to be faithful in her coming for the yearly pilgrim to Shiloh to offer sacrifice despite her unanswered prayers and humiliations from her rival. He was observing whether because she had not seen any result from her previous comings to Shiloh, she will be discouraged and refuse to attend. In addition to the above, may be in Gods judgment, the Israelites were not yet ready to receive another prophet that

would change the course of their nation. But when the time for all these came and the cup of the family of Eli was full, He sent Samuel to Hannah. One can, therefore, infer that Hannah's period of delay serves as a way of filling a vacuum that existed as a result of God giving room for Eli and his sons to repent from their sinful activities. Also in a reverse of fortune, when Samuel was eventually released to Hannah and he became the prophet at Shiloh, in place of Eli and his children; part of the people who might have been coming to him at Shiloh with their sacrifices and for consultations were Eliekanah, Peninnah and her children. Maybe this door of opportunity might not have been open for Hannah and her son if Samuel had been born earlier. In the New Testament, God allowed Elizabeth to experience delay and shame before He gave her John the Baptist. God must have looked at the continued faithful service of Zachariah, Elizabeth's husband, as a priest despite the fact that his wife was not only barren but she had one with a trumpet. The fact that the angel of God met Zachariah while he was performing his priestly duty is an indication that he did not allow his personal family challenge to hinder his services to God. The fact that the angel of God linked the birth of John the Baptist with the coming of Jesus Christ [see Luke 1: 17] can be taken as a pointer to the fact that God allowed the delay of childbearing in the life of Zachariah and Elizabeth because He knew that the time was not yet ripe for the birth and manifestation of Jesus Christ on earth. But at
