### **Culture And The Development Of**

The locus classicus of studies of culture and development is Weber's The Protestant Ethic and the Spirit of Capitalism, first published in 1904. Weber argued that the Calvinist doctrine of predestination, rather than inducing quietism, led believers to seek to demonstrate their status as elect by engaging in commerce and worldly accumulation.

## **How culture influences children's development**

For a variety of reasons, economists have avoided getting too closely involved with the concept of culture and its relationship to economic development. There is a general acceptance that culture must have a role in guiding a population along a particular path, but, as Landes (1998) points out, a discomfort with what can be construed as implied criticism of a particular culture has discouraged broader public discourse.

## **Does Culture Matter for Development? - World Bank Blogs**

Consideration of culture effectively enables development when projects acknowledge and respond to the local context and the particularities of a place and community through the careful use of cultural resources, as well as emphasis on local knowledge, skills and materials.
