### Marine Pro Ignition Distributor Cap Rotor GM V8 w/Delco EST

The Delco EST Standalone Distributor is a fully self-contained marine electronic ignition system. Installation is not complicated, but setup of the timing procedure must be exact. After the installation of the distributor and mounting of the primary coil, you will have a black coil pigtail with two black ends.

### Frequently Asked Questions - Delco EST Wiring Diagrams

Marine Electronic Ignition Kit for GM 305 350 454 502 Cubic inch engines. Delco EST (Electronic Spark Timing) Ignition system is a High Energy Ignition (HEI) System with electric advance timing based on engine RPM. That means no weights to stick and no springs to break. Includes Distributor, Coil, Wire Set and all pigtails for wiring.

### Electronic Ignition Distributor Kit Delco EST Marine V8 GM ...

The distributor is a Delco part #10457092, based on documentation that came with the boat. It is an EST type. There are two plug connectors on the distributor. On the left is a 2-wire plug that connect to coil.

### Delco EST Distributor Timing Shunt Tool | Marine Power 9159

The Delco EST (Electronic Spark Timing) system is used on non-EFI engines. The system consists of a distributor with an electronic ignition control module and pickup coil, a cap, rotor and remote coil. It does not contain breaker points, a condenser or centrifugal advance.

### Ignition System: Delco EST

I did get the coil and the harness that goes from the coil to distributor. The original ignition was standard points/condenser with centrifugal advance and needed to be rebuilt. Turned out to be cheaper to upgrade to HEI, of which the Delco EST system is a variant. If it had HEI, I would have happily kept it.
