Epistemology, the philosophical study of the nature, origin, and limits of human knowledge. The term is derived from the Greek epistēmē (“knowledge”) and logos (“reason”), and accordingly the field is sometimes referred to as the theory of knowledge.

epistemology | Definition, Nature, Problems, & History ...

Linguistic meaning has been a topic of philosophical interest since ancient times. In the first decades of the 20th century, it became one of the central concerns of philosophy in the English-speaking world (see analytic philosophy). That development can be attributed to an interaction of several trends in various disciplines. From the middle of the 19th century onward, logic, the formal study ...
