Lust in Translation: The Rules of Infidelity from Tokyo to Tennessee

Pamela Druckerman

A strange and surprising journey around the world to examine how and why people cheat on their spouses; this global study of infidelity brings together interviews with thousands of people in more than twenty countries, including Japan, Argentina, and Russia. The author of Lust in Translation examines infidelity around the world. She finds that Americans tend to take a much harder line against marital infidelity than the people of many other countries. From Memphis to Moscow, people cheat on their spouses with astonishing frequency--but even illicit love has rules, and these rules differ radically from country to country.

In Lust in Translation, Pamela Druckerman, an American journalist based in Paris, explores how and why people cheat on their spouses. Her goal is an odd one: to understand why infidelity exists around the world. It's an odd obsession, one that she admits to having since childhood. "I was a child," she writes, "and I was curious."
