Mandell Douglas and Bennett's Principles and Practice of ...

I have owned every edition of Mandell et al's Principles and Practice of Infectious Disease since the first edition which was published in 1979. The first edition was a marvel in its clarity and presentation, unique among medical texts in its ability to convey accurate, up-to-date scientific, technical, and medical information on infections.This newest 8th edition is also superb and has wonderful well presented data, though the data is not quite a clearly presented or as carefully edited to ...
