The Apocalypse in the Early Middle Ages. This groundbreaking study reveals the distinctive impact of apocalyptic ideas about time, evil and power on church and society in the Latin West, c.400-c.1050. Drawing on evidence from late antiquity, the Frankish kingdoms, Anglo-Saxon England, Spain and Byzantium and sociological models, James Palmer shows that apocalyptic thought was a more powerful part of mainstream.

Early in Rome's history, many Romans feared that the city would be destroyed in the 120th year of its founding. There was a myth that 12 eagles had revealed to Romulus a mystical number representing the lifetime of Rome, and some early Romans hypothesized that each eagle represented 10 years.

A Brief History of the Apocalypse

An "Apocalypse," in the terminology of early Jewish and Christian literature, is a revelation of hidden things given by God to some one of his chosen saints or (still oftener) the written account of such a revelation. The word is derived from the Greek ἀποκάλυψις, "uncovering," "disclosure"; a noun which does not appear at all in ...
