I. What is a Turning Point? In literature, the turning point or climax is the point of highest tension in a narrative; it's the most exciting and revealing part of a story. It leads the rising action into the falling action before a story is resolved and reaches the conclusion. From a narrative's beginning, all of the action rises up to the turning point, where questions are answered ...

The same breath which comes in, goes out, so it must have a turn inside. It must turn somewhere. There must be a point where the incoming breath becomes outgoing. Why put such emphasis upon turning? Because, Shiva says, As breath turns from down to up and again as breath curves from up to down, through both these turns, realize.
