Before graphic design was formalised as a profession, related fields such as decorative arts, fashion design and art were still heavily dominated by men. However, at the turn of the 20th century, women were starting to cause ripples socially, and early forms of graphic design played a part in making these ripples expand.

Beginning in the 1890s, he created designs—usually featuring beautiful young women whose hair and clothing swirl in rhythmic patterns—that achieved an idealized perfection. He organized into tight compositions lavish decorative elements inspired by Byzantine and Islamic design, stylized lettering, and sinuous female forms.
